**Anthony Brown Endorses Donna Edwards for U.S. Senate**

LARGO, Md. -- Anthony G. Brown today announces his endorsement of Congresswoman Donna Edwards for U.S. Senate. Brown is a leading Democratic candidate to fill Edwards' open seat in Maryland's 4th Congressional District.

"While I have the utmost respect for Congressman Chris Van Hollen and his service to our state, I believe Congresswoman Donna Edwards is the right person to fill the shoes of our tireless champion Senator Barbara Mikulski," said Brown. "From her fierce advocacy on domestic violence issues to defending women's rights, Donna has been a champion for Maryland women and their families. Her leadership will be an asset in Congress as Washington Republicans look to turn back the clock on President Obama's progress."

Brown, the former Lt. Governor of Maryland, former state lawmaker and retired Colonel in the United States Army Reserve, has committed his life to public service to ensure stronger and safer communities, including his own Prince George's County. As Lt. Governor, he championed investments in public education, quality jobs and fought to protect victims of domestic violence by strengthening state gun laws.
